

Professionalism - Inclusion - Pedagogy - Curriculum

---

9<sup>th</sup> January 2026

Dear Parent/Carer,

You will be aware of the recent news reports regarding Twitter / X and the use and access of the Gork AI editing app which poses a very serious safeguarding issue. As a school we are continually reviewing our digital literacy platforms and communication with all stakeholders. At Langdon Park we aim to embrace and use technology to its fullest and most positive. We also maintain a message that social media, continued online use and smart phones do create safeguarding and well-being risks for young people.

So, in response to the concerns regarding X / Twitter we have closed the Langdon Park account for now. We encourage you to use the school website for up-to-date information and as said we are reviewing our whole digital literacy and marketing strategy which will also be part of our switch to a new Management Information System.

I trust that you understand why we have taken the decision at this time and I thank you for your support. Please also do look on our website and others for advice about keeping your children safe online.

Yours sincerely

**Mr N. Langham**  
**Headteacher**
