Professionalism - Inclusion - Pedagogy - Curriculum

Dear Parent/Carer,

I am delighted to inform you that for the first time ever we are planning to run a school ski trip to Switzerland. The trip will take place during term time, and we will depart on **Friday 17th March 2023** and return on **Friday 24th March 2023**.

I would firstly like to gauge the level of interest across the school before we officially launch the trip. The trip will cost between **£640 and £840** and include the following:

- Executive return coach travel to Switzerland from the School.
- Accommodation in a youth hostel.
- Three meals a day and afternoon tea.
- 5 day lift pass.
- 5 days skiing in resort, including ski, boot and helmet hire
- 5 hours of ski instruction per day.
- Comprehensive insurance.
- All evening activities.
- A tour hoody and bag.

Students who are eligible for a free school meal, will receive all equipment required for skiing including: salopettes/ski trousers, ski jacket, socks and goggles; therefore not needing to purchase any additional clothing prior to the trip.

Please email me by **Monday 16th May** if your child is interested in attending the trip or if you have any further queries: admin@langdonpark.org

Based on the level of interest we can then determine a final cost for this trip.

Yours sincerely,

T Christopher
