## **Anti- Bullying Campaign**

Physical bullying is a type of bullying where someone uses their body or an object to hurt or scare someone else. It can also include damaging someone's property.

It is important that we resolve ongoing conflicts through mediation and seek support rather than escalating the situation with violence.

### **Discuss:**

Why does violence not resolve issues?

How might physical bullying be an escalated form of bullying?
What should you do if you are afraid for your safety or the safety of those around you?
