Pupil Voice Meeting

Calling all Student Reps!

There will be another Student Rep Meeting **today at BREAK TIME in E1**, Mr Ahmed's room. This will be just going over the notes from the meeting last week and ensuring all students are clear of what is taking place the last 2 weeks of the half term.

Extended Tutorial

Wednesday 31st January 24 – Period 1

There will be an extended tutorial for all students that will be centered around careers. It is important that we as a school look at possible careers for students and highlight the skills you may need in acquiring your dream job!

Tutors – All details have been circulated to heads of year on 03.01.24, with resources for each year group saved in the following folder on the Google Drive.

Careers

Uncover Engineering: Year 10 Residential Programme

Uncover is a residential programme that gives girls and Black African and Caribbean heritage students in year 10 the opportunity to explore maths and physics subjects in the context of Engineering studies, while offering a glimpse into university life.

The programme is run by Oxford University and students will stay in a college for 4 days. Days will be filled with engineering-focused activities and workshops organised by the Department of Engineering Science.

In the evenings we have arranged recreational activities and social opportunities with other like-minded future engineers.

You'll also find out about life at Oxford and living in a college (including a formal dinner!). On the final day, we hope that your parents will join us to learn more about studying engineering at a university like Oxford.

Free residential opportunity for Y10 students as part of Oxford University's Uncover Engineering programme.

Application close on 31 January 2024 and need to be completed by the student.

Uncover for Black African and Caribbean heritage students

Who is it for?

UK-based year 10 student who identify as being of Black African heritage or Black Caribbean heritage and students of mixed-race with Black African and Caribbean heritage

When is it? 9 to 12 April 2024

Where is it? Lady Margaret Hall college and the Department of Engineering Science, University of Oxford

See Ms Begum in the careers office to apply.

Enrichment

It is a necessity that we are all attending one club per week at Langdon Park.

Please look through the new enrichment timetable to see what club you would like to take part in.

This timetable has been sent home to parents and can also be found at main reception and by Ms Begums office which is next to the Pastoral Hub

Anti- Bullying Campaign

Friendship bullying is just that, a friend who bullies another friend. Sometimes adults call this “relational bullying” since it is happening within a relationship between two people. No matter what you call it, this is bullying. This type of bullying can happen to anyone, at any age!

Discuss:

How can friendship bullying start from banter?
What are the potential harms of friendship bullying? (Both for the victim and for the wider group of friends?)
Why might friendship bullying happen?

Friendship bullying includes:

- Verbal abuse, such as name-calling and gossiping
- Threatening, intimidating or humiliating behaviour (for example, “If you tell on us, we’ll tell everyone you’re a baby who’s afraid of the dark”)
- Excluding someone from the friendship group; leaving them out of plans; whispering behind their back
- Undermining someone, by spreading rumours or constantly criticizing them (‘I don’t know why we let you hang around with us; we’re so much prettier than you/better at sports than you’)
- Controlling or manipulating (‘If you don’t let me copy your maths homework, I won’t be your friend any more’)
