

## PE – Behaviour Expectations

*“for all students to be given high quality teaching through a broad, balanced, challenging curriculum and enrichment programme that encourages student excellence, lifelong participation and enjoyment within sport.”*

## Procedures and Routines

At the start of each PE lesson, students need to line up on the pitch by the PE classroom where your teacher will meet you and lead you to get changed.

Students are to get changed sensibly and quietly once inside the changing rooms. We want all students to be changed and ready to learn in less than **10 minutes.**

Once the register has been taken by your class teacher in the changing rooms, you will be asked to wait in your learning area ready to start the lesson.
